Gentlemen:

Alaska Air Balancing, Inc. is an independently owned and operated Testing, Adjusting, and Balancing Firm that has been serving the State of Alaska since 1985. AAB operates as a first tier subcontractor and is not affiliated with any other construction firms or trades. Our main purpose is to measure, adjust and balance heating, ventilation, and hydronic systems. We also perform inspections of existing heating and ventilation systems and provide a detail list of corrections needed to bring the building back to proper operation. We also perform sound pressure measurements, along with duct leakage testing, building envelope testing and thermal imaging. This firm has completed work throughout the State of Alaska. In 1995 Alaska Air Balancing, Inc. became a member of the National Environmental Balancing Bureau (NEBB).

All testing, adjusting, and balancing (TAB) is performed in accordance with the procedures of the National Environmental Balancing Bureau (NEBB), Procedural Standards for Testing, Adjusting, and Balancing of Environmental Systems 2019 edition.

Alaska Air Balancing, Inc. has over 25 years of experience performing Testing, Adjusting, and Balancing of system throughout the State of Alaska. This experience provides the owner, mechanical engineer, and contractor with the assurance that their building and system will be balanced to the professional standards they are expecting.

Our personnel qualifications are as follows:

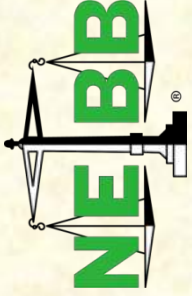

AJ Gangstad

AJ is the Vice President of Alaska Air Balancing and in charge of all operations. He has been employed by this firm since 2000 and in 2012 achieved the NEBB Certified Professional certification. In 2015 he took over as Vice President and became a part owner of AAB. He has twenty years of experience as a balancer within the State of Alaska. AJ is currently responsible for all field operations for AAB. He provides direct supervision of our field services and employees as well as reviewing and certifying all Balancing Reports.

Daniel Venie

Daniel has been employed by this firm since 2003. In 2017 he achieved the NEBB Certified Professional in Sound Measurement. Daniel has over 10 years of experience in measuring sound pressure levels in commercial and residential buildings. He is currently responsible for overseeing all aspects of sound measurement testing and reporting.

The Following are certified by the NEBB as having the hours, experience, and achieving a passing grade on the national standard NEBB technician testing to be certified as a NEBB Certified Technician: Steven Ford, Joe Sullivan, Nick Allington, Curtis Hudman, and Chris Stratton. These men are capable of balancing any type of HVAC system.
